
By Ximena Zuniga, Biren (Ratnesh) A. Nagda, Mark A. Chesler

John Wiley Sons Inc, United States, 2007. Paperback. Condition: New. Language: English. Brand New Book. Intergroup dialogue promotes student engagement across cultural and social divides on college campuses through a face-to-face, interactive, and facilitated learning experience that brings together twelve to eighteen students from two or more social identity groups over a sustained period of time. Students in intergroup dialogue explore commonalities and differences; examine the nature and impact of discrimination, power, and privilege; and find ways of working together toward greater inclusion, equality, and social justice. Intergroup dialogue is offered as a cocurricular activity on some campuses and as a course or part of a course on others. The practice of intergroup dialogue is considered a substantive and meaningful avenue for preparing college graduates with the knowledge, commitment, and skills essential for living and working in a diverse yet socially stratified society. The research evidence supports the promise of intergroup dialogues to meet its educational goals?consciousness raising, building relationships across differences and conflicts, and strengthening individual and collective capacities to promote social justice. This volume outlines the theory, practice, and research on intergroup dialogue. It also offers educational resources to support the practice of intergroup dialogue.

Reviews

If you need to adding benefit, a must buy book. This really is for all who statte that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Claud Bernhard

It is an remarkable pdf which i have ever go through. Of course, it can be play, nonetheless an interesting and amazing literature. I realized this pdf from my dad and i suggested this book to discover.
